

Introducing TELUS Health eClaims

Claims are easier to process through TELUS Health eClaims! You can easily sign up as a service provider and enjoy the many benefits it has to offer.

How it works

Use your internet browser to connect with TELUS Health eClaim, no installation required. Once you are registered, you can submit claims electronically and get timely responses from insurers.

Scan the code to **sign up** with TELUS Health eClaim!

How can eClaims Help Me?

1. Use a web-based portal, mobile app or a participating practice management software integration
2. Save on credit card fees by charging your clients only the portion not covered by their insurer
3. View your past transactions
4. Assign payment to the healthcare professional or the patient
5. Get paid quickly through direct deposit
6. Free training and online resources
7. Count on a solution developed in compliance with Canada Health Infoway's HL7 messaging standards.
